16:15-16:30 Questions and Answers

Maritime Cyprus 2015: Young Executives Session

Maritime Cyprus Conference has matured during the years and has proved to be one of the most important conferences around the globe, with excellent critiques every time. Within the framework of creating the necessary environment to get young people to delve deeper in Maritime Affairs, seek jobs within the industry and provide them with future career development, the Maritime Cyprus Organising Committee is organising the "Maritime Cyprus: Young Executives Session", specifically addressed to young shipping executives of the industry, under 40 years of age! The "Maritime Cyprus: Young Executives Session" is a new and exciting forum, for young shipping professionals to debate important issues in an informal atmosphere, on a platform free from more senior colleagues. Ideally participants should be able to meet and exchange views with other "like minded colleagues" and be able to build up their own network, contacts of people working for shipowners, managers, brokers, agents, operators and others connected with the international shipping industry.
